7. The name of the contractor whose tender has been accepted will be posted on the notice board in the Executive Engineer's Office. No enquiries regarding the acceptance or rejection of a tender will be answered.

8. Within eight days of the acceptance of the tender, the successful competitor is required to execute the usual schedule agreement, in default of which his tender will be considered as cancelled and the earnest money will be forfeited to Government.

9. Definite rates against each item of work in the schedule should be noted both in figures and in words. Tenders may be sent up for all or for a few of the sections noted in the schedule.

10. In case the accepted tenderer quarries, ballasts, etc., from Railway Government or Forest land for use in this work, Royalty at the rates fixed by the Government will be recovered from his bills.

11. The whole of the work specified in the agreement to be completed as specified in para 1 above, failing which or failing to carry out any of the conditions of the agreement, the whole of the money held in deposit or so much of it as the Agent considers proper will, without prejudice to any other legal or equitable right or remedy which the Agent may have, be absolutely forfeited to the Agent.

12. Should any dispute arise in the interpretation of the clauses of the tender or in respect of any items of work or specification, the decision of the Superintendent, Way and Works, shall be final.

13. The work of collection of metal ballast should be completed by the end of January 1937.

14. Contractors should specify for each section separately the depots of collection and the quantity they propose to collect at each depot.

Schedule.

No.	Items of work	Unit	Quantity
1	Collection of broken stone ballast, quartz or granite, broken to pass through a 2″ diameter ring in all directions and must not pass through a ring of $\frac{3}{4}$″ diameter, including stacking the same in standard heaps of 50′×20′×2′ or 50′×10′×2′ free from earth and dust, wherever shown on prepared level ground inclusive of all charges within Railway limits. Pebbles must on no account be mixed by quarrying or by field picking. The ballast must be collected at nil points on line and on no account over cuttings more than three feet deep, or near banks over three feet high. Platforms should be got passed before starting collection. The collection at each place should not be less than a train load, *i.e.*, 2,500 c.ft. and heaps should be built parallel to the line for the full length of the train to facilitate loading. Between Miles 20–22 10,000 C.ft. Do 44–46 10,000 ,, Do 56–58 15,000 ,,	1,000 C.ft.	35,000 C.ft.
2	Loading into and unloading from ballast train for leads under 20 miles	1,000 C.ft.	35,000 C.ft.

M. RAMAIYA,
Executive Engineer.

OFFICE OF THE SUPERINTENDENT, CENTRAL INDUSTRIAL WORKSHOP, BANGALORE.

Notice.

Notice is hereby given that sealed tenders will be received in the Office of the Superintendent, Central Industrial Workshop, Bangalore, up to 12 noon of 2nd September 1936, for the collection and removal from C. I. Workshop premises of slag and other refuses during the year from 1st August 1936 to 31st July 1937.

1. Tenders should be superscribed " Tender for removal of slag and other refuses " and delivered at the Office of the Superintendent, Central Industrial Workshop, before 12 noon of 2nd September 1936, after which no tender will be received.

2. Each tender must be accompanied by a deposit of Rs. 25 only in currency notes as earnest money, without which the tender will be rejected.

3. The tenders will be opened at 3 P.M., on 2nd September 1936, before such of the tenderers as are present.

4. The final acceptance of the tender will rest with the Director of Industries and Commerce in Mysore, Bangalore, who does not bind himself to accept the lowest or any other tender or to assign any reason whatsoever for rejecting the same.

5. The acceptance of any tender will be duly communicated to the successful tenderer and the earnest money of the other tenderers will be returned to them.

6. The successful tenderer will duly execute a bond on a stamped paper to remove slag and other refuses every month or at shorter intervals.

7. Payment of remuneration for removal of slag and other refuses can only be made as per procedure now in vogue after the slag and other refuses are removed to the satisfaction of the Officer in charge.

8. If any complaint should arise regarding the work, the deposit (earnest money) will be forfeited, along with the undisbursed money due to the contractor and the contract cancelled and other arrangements will be made for working out the contract, and the contractor will be liable to pay the extra cost, if any, that may be incurred in connection therewith during the period.

9. The approximate quantity of slag to be removed from Cupola will be about 10 carts per month and other refuses about 10 carts per month.

B. G. APPADORAI MUDALIAR,
Superintendent.
